

## **Flood Safety Tips**

- **Listen in to local radio stations and await instructions.**
- **Follow local civil authorities to designated evacuation centers.**
- **Evacuate early! Leave before floods worsen & water makes it hard to move.**
- **Follow the designated path to evacuate.**
- **Get to a high and safe place.**
- **Keep children away from water in flooded areas, including drains, ditches, water lines & rivers.**
- **Never drive, swim or walk in floodwaters.**
- **Avoid walking in floodwaters! If you have to, use a stick to check the ground ahead of you.**
- **Keep away electrical equipment, cables or wires.**
